

300H

The 300H is our lightweight, easy-to-handle evacuation chair, designed for safe and comfortable use with passengers up to 182kg. Its double-handed and anti-slip grips, combined with an optimised hammock, provide stability and comfort during evacuation. The unique friction belt system ensures smooth, controlled movement on stairs, making the 300H our most popular choice for single-person operation.

Specification

Height	1100mm (folded)	1350mm (unfolded)

300H Accessories

Discover our range of must-have accessories – engineered to boost safety, comfort and confidence. Whether upgrading your Evac+Chair 300H or adding extra support for passengers, make sure you're fully equipped to protect every life.

Comfy Seat

Provides passengers with additional comfort and support during training and evacuation. Designed and manufactured from memory foam.

Secure Steel Cabinet

Keep your Evac+Chair safe and secure with a lockable steel cabinet, featuring an acrylic window and customisable left or right opening (subject to order quantity).

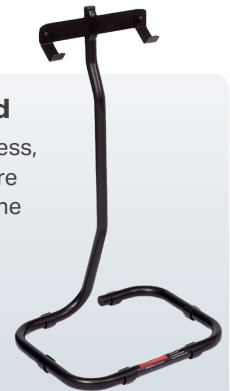

Dust Cover

Protect your Evac+Chair from dust, pollutants and damage with our flame-retardant Dust Cover.

Evac+Chair Stand

For quick and easy access, safely and securely store next to the stairs or in the designated area.

Reception Notice

Inform your visitors that there is an Evac+Chair available onsite, offering reassurance that in an emergency, they can be safely evacuated.

Photoluminescent Sign

To be positioned above your Evac+Chair, our Photoluminescent Sign will help locate your Evac+Chair in poor visibility conditions.

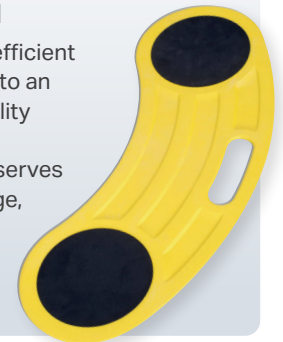

Anti-theft Device

Protecting your Evac+Chair will reduce the chance of theft, damage or misuse. Our anti-theft device acts as a deterrent and can be easily installed in a matter of minutes.

Transfer Board

Ensures a safe and efficient transfer from a seat to an Evac+Chair for mobility impaired individuals. The Transfer Board serves as a temporary bridge, facilitating a smooth and seamless transition.
